Teacher Comments

Academic Content Covered:

This week our focus was entrepreneurship and leadership. Students were tasked with making a company name, product to sell, business plan, and marketing strategy. We learned all about branding, profits and losses, market research, and leadership. We also got to go surfing and visit a chocolate factory!

Student Achievement :

On Monday, Jenny was awarded an English master badge! Jenny has consistently spoken English while at camp with both we friends and teachers. During her time, I've seen her grow more confident and comfortable expressing herself in English, earning a badge to recognize her achievement! Great job, Jenny!

Final Comment :

Being Jenny's teacher over the last 3 weeks has been a pleasure. She is an incredible leader in the classroom; answering questions from the teachers and encouraging her classmates. She is helpful and generous with others. She comes to class in a good mood and is kind to everyone. She has grown as a person and improved her English along the way. We will miss her in Uluwatu class!
